# IHBA Hereford Influence Female Sale

## Sale Information:

**Cattle will be available for viewing** prior to Sale on Friday morning, November 13<sup>th</sup>, depending on arrival of each of the lots. Cattle will be presented in a 'non-fit' format. Cattle may begin arriving on Thursday evening, prior to the Sale.

**Sale Order** will be determined and announced on Sale Day. All 'Hereford Influenced Females' will sell prior to the cattle brought for the 'Regular' Creston Sale that same day.

**Group Lots** may be sold with buyer having choice of one (1) of the animals in the lot, or the entire group at the 'per head' bid. Specific options will be announced by Auctioneer on Sale day.

**Registration certificates** for registered Herefords will be handled between buyer and seller. Unless otherwise stated, transfers will be completed at the seller's expense.

**EPD's:** Any EPD's given are the most current available. Any estimated EPD's for pending registrations or non-registered cattle are noted, and represent an average of the Sire and Dam's EPDs.

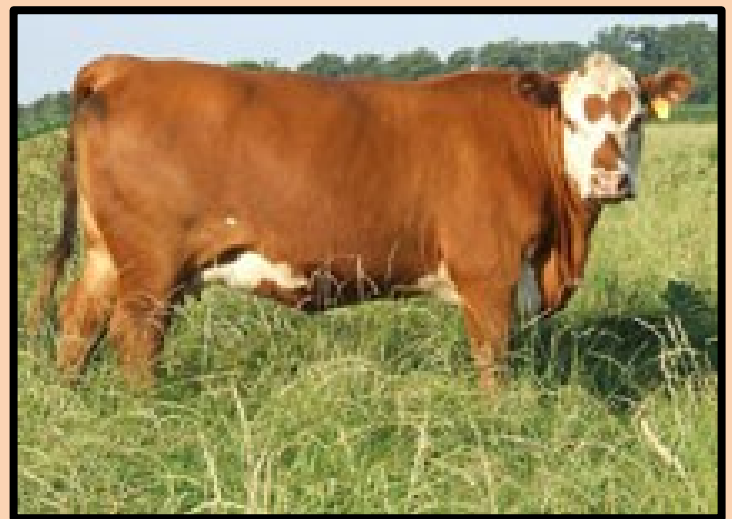

**Vaccination Information:** Will be announced on Sale Day. Prospective buyers can also contact consignors directly prior to the Sale if desiring more details about any of the respective Lots.

**One-Line Bidding** will be available on Sale Day through **Cattleusa.com**, as a service of Creston Livestock Auction.

**Terms of Sale:** Cash or check unless prior arrangements are made. Clerking will be handled through Creston Livestock Auction. Each animal becomes the purchaser's risk as soon as sold. Announcements made sale day by the owners or the auctioneer will take precedence over statements printed in any sale catalog or advertisements.

**Questions about specific Lots** – may be directed to the respective Consignors prior to the Sale. Contact information is provided to allow prospective bidders to make contact with the Sellers for any questions, if desired.

**Sale is being promoted as a service by the IHBA** – Iowa Hereford Breeders Association. IHBA is not responsible for any accidents. IHBA is not responsible for transferring of AHA Registrations, although will attempt to assist in communication of registration transfer information, if necessary.

### **F1 Baldy Bred Heifers - Group of 30 head**

Calved: Spring, 2014

Due to Start Calving: February 15, 2016

Bred to: Connealy Upward (Angus)

#### **Comments:**

Here's a premium group of F1 Black Baldie Bred heifers that will surely be a Feature Lot. The group are all out of Angus cows, sired by registered Hereford Bulls from Reynolds Herefords in Missouri. The heifers were all carefully selected and backgrounded, including being pelvic measured. They were synchronized, then A.I. bred to the Connealy Upward bull for a tight calving window beginning February 15<sup>th</sup>. Vaccinations will be fully up-to-date, including Scour Boss 9, Lepto, and Blackleg booster.

Sale groups and bid options to be announced on Sale Day.

## RWF Commercial Heifer

### Open Heifer Calf – X34

Calved: July 2, 2014

Birth weight: 67 lbs.

**Comments:**

There's a lot of opportunity in this sweet red-white-faced commercial heifer. She's a summer Open heifer that is ready for either Fall breeding season or 2016 Spring breeding season. Her mother was a black baldy, and her sire is a Polled Hereford bull. She's already had her calf hood vaccination.

## **BWF Bred Cows**

### **Spring Bred Aged Cows (2 cows)**

Age: Born 2006 – solid mouth

Est Due Date: March-April, 2016

Service Sire: Purebred Angus bull from Wiese & Sons

**Comments:** Here is a nice pair of F1 Black-baldie Spring Bred Cows. These were originally purchased from Wiese & Sons as 4-H projects, and they calved within the first 14-day period last year with no calving problems. They have consistently weaned 600 pound calves with no creep feed. They have had pre-breeding vaccinations and were wormed and and poured Oct. 3, 2015.

### **Spring Bred Cow (1 cow)**

Age: Born 2013 – carrying 2<sup>nd</sup> calf

Est Due Date: March-April, 2016

Service Sire: Purebred Angus bull from Wiese & Sons

**Comments:** This super F1 Black-baldie calved her first calf in March, 2015 and weaned a nice heifer calf at approximately 550 pounds. She was originally bought from Topp Herefords, and is out of a son of the respected Mr. Hereford sire. Also has had pre-breeding vaccinations and was wormed and poured Oct. 3<sup>rd</sup>.

## **BWF Cow-Calf Pair**

### **BWF Cow with heifer calf at side**

Age of Cow: Born 2006 – solid mouth

Est Due Date: Exposed Hereford bull – for June/July calf

Service Sire: Purebred Mr. Hereford son

**Comments:** This nice BWF Cow was also purchased from Wiese & Sons as a 4-H project, and has calved each year in the Spring up until this year when she calved August 14th. She will have her fancy black-baldie heifer calf at side, and she has been exposed for a July/July calf to a 'Mr. Hereford' son. The calf has already had her pre-weaning shots.

## **RWF Heifer Calves (Group of 6)**

### **Open Heifer Calves**

Calved: April, 2015

**Comments:** Here is a nice set of 6 open heifer calves, April born. They are red-white-faced, sired by Polled Hereford bulls from the 'Beef Resources Partnership' operation. Their dams are red-angus crossbred cows.
